Revenue Commissioner and the Deputy Commissioner of the Bangalore District. The Revenue Department is concerned only with the excavation of temporary wells in tank beds as a measure of distress relief and the expenditure on this item has to be met out of the special grants given for distress. This has nothing to do with the drinking water wells programme of the District Board whether it is a normal programme or a special programme to meet the requirements of the present situation. The 51 estimates sanctioned by the District Board should have been worked out by the District Boards out of funds provided by them and the Revenue Department should not have accepted the responsibility of carrying out these works. The observation in the G.O. of 26th December 1923 that the temporary wells scheme should be administered solely by the officers of the Revenue Department was put in in view of the statement made by the Deputy Commissioner of Kolar at the Officers' meeting that the execution of these works was being attended to through the Agency of District Board. The temporary wells scheme being a special scheme and financed out of special grants made for distress it has to be kept apart from the works of the District Board. Revenue Department, Bangalore.

Sir,

I have the honour to forward herewith copies of letter No. C.C.76/23-24 dated 2nd April 1924 and its enclosure from the Deputy Commissioner, Bangalore District, in the matter of transferring to the Revenue Department from the District Board the sum of Rs.5,000/- out of District Board funds for temporary well wo and to state that Government having in para 10 of their order No.49-63/D. dated 26th December 1923 directed that the temporary drinking water well scheme should be administered solely by the officers of the Revenue Department, The Deputy Commissioner, Bangalore District, reported that the President, District Board, who had at first agreed to spare Rs.5,000 out of District Funds for temporary wells and who had sanctioned 51 estimates at an aggregate cost of Rs.1,418-13-0 subsequently transferred the estimates to the Revenue Department as per Government order quote above stating that the cost might be met out of one lakh sanctioned for that purpose by Government. The Deputy Commissioner was thereupon asked to request the President, District Board, to address Government for transferring the grant to the Revenue Department. The Deputy Commissioner now reports that the Preside has replied that it is not possible to make a reference to Gover ment without consulting the District Board in the matter.

2. I submit the matter for the orders of Government as to whether

whether, seeing that in this case the funds had already been sanctioned from the District Board funds, the amount so sanctioned viz. Rs.1,418-13-0 may not be made available out of District Board funds.

3. The Deputy Commissioner is in the meantime being requested to get the opinion of the District Board in the said matter for submission to Government.

I have the honour to be,

Sir,

Your most obedient servant,

Assistant Commissioner,
for Revenue Commissioner,

Letter No. C.per.28/23-24 dated 14/17th March 1924 from the President, District Board, Bangalore District, to the Deputy Commissioner, Bangalore District.

With reference to your letter No. C.C.76/23-24 dated 11/12th March 1924 requesting this office to address Government for transferring the promised grant of Rs.5,000 to the Revenue Department, I have the honour to state that Government in their order No.49-63 dated 26th December 1923 ordered that expenditure to be incurred in connection with sinking temporary wells should be met out of one lakh of rupees, sanctioned in Government Order of 22nd November 1923 and that the scheme be administered by the officers of the Revenue Department.

In accordance with the said Government Order all the estimates and bills pending in this office were sent to your office.

Moreover the drinking water wells fund at the disposal of the Board is not sufficient to complete the incomplete works and also new works already sanctioned and the estimates of some more well works pending in this office which fact has been stated in this office letter No. C.per.28/23-24 addressed to you in February 1924.

Under these circumstances it is not possible to make a reference to Government without consulting the District Board.

Secretary to the Government of

H. H. the Maharaja of Mysore,

Revenue De-partment, Bangalore.

Sir,

Adverting to correspondence ending with your letter No.980/D 11-23 dated 22nd April 1924 regarding the 51 estimates for sinking temporary wells sanctioned by the District Board and transferred to the Revenue Department, I have the Honour to forward herewith copies of letter No. C.C.76 of 23-24 dated 29th May 1924 and its enclosure from the Deputy Commissioner, Bangalore District, reporting that all these estimates had been sanctioned purely for sinking temporary wells and not for permanent wells and requesting that the cost may be ordered to be met out of Distress Funds. In this office No. D.2 of 23-24 dated 2nd June 1924 further information was called for from the Deputy Commissioner as to whether any of these works had been carried out by the Revenue Agency and, if so, at what cost.

He now reports in his letter 21st/23rd June 1924 that several works out of the said estimates have been carried out through the Revenue Agency and that completion bills have also been received for payments being ordered; and requests that as the official year is drawing to a close and as the amounts allotted for temporary wells will lapse, he may be authorised to pass these bills pending final orders in the matter.

In the circumstances, I request that Government may be pleased to

to authorise the Deputy Commissioner immediately to sanction bills only for the portion of the work actually executed through the Revenue Agency, the cost being met out of the Distress Funds, the bills for the remaining work and the estimates not yet taken up being transferred to the District Board.

I have the honour to be,

Sir,

Your most obedient servant,

Revenue Commissioner.

Copy of letter No. C.C.76 of 23-24 dated the 29th May 1924 from the Deputy Commissioner, Bangalore District, to the Revenue Commissioner in Mysore.

With reference to your memorandum No. D.25 of 23-24 dated 24th/25th April 1924 forwarding copy of letter from the Secretary to the Government of Mysore, Revenue Department, in the matter of payments of funds to the works viz., 51 temporary wells, sanctioned by the President, District Board, Bangalore District, and asking meto submit a further report in the matter, I have the honour to forward herewith for your information, a copy of the letter received from the President, in the matter. As it is stated in the last para of the above letter, that all these estimates having been sanctioned purely for sinking temporary wells and not for permanent wells, the cost may be met out of the one lakh "Distress Fund". I request you to be so good as to obtain final orders of Government in the matter.

Letter No. C.1362 of 23-24 dated 10th/12th May 1924 from the President, District Board, Bangalore, to the Deputy Commissioner of Bangalore District.

With reference to your memo No. H.C.76 dated the 2nd May 1924 forwarding copy of letter No.980/D. 11-23 dated 22nd April 1924 of the Secretary to the Government of Mysore, Revenue Department, received through the Revenue Commissioner with his No. D.25 of 23-24 dated 24/25th April 1924 re. temporary wells, I have the honour to state that, in connection with distress, a meeting was held in your office on the 30th November 1923, when a sum of Rs.5,000/- was promised for sinking temporary wells in affected villages subject to the approval of the Board.

In the said meeting it was resolved that if the estimate of the well work was within Rs.30/-, the Amildar might commence the work in anticipation of sanction of the President and that, if the cost exceeds that amount, they should obtain the previous sanction of the District Board President.

In accordance with the said resolutions the estimates under reference were sanctioned in this office and they were returned to the Taluks for work.

Subsequently the Government in their order No. 49-63/D. dated the 26th December 1923 ordered that the temporary well scheme be administered solely by the Revenue Department and that the amount required for the execution of those works be met out of one lakh of rupees sanctioned for distress.

The estimates for such temporary wells which were received in this office after the said Government Order were returned to your office as well as the bills of the works, the estimates of which were sanctioned by me before the receipt of the said Government Order.

As all these estimates are purely for sinking temporary wells sanctioned in connection with distress and not for permanent wells and

and executed by the Revenue Department and as Government have ordered that the cost of such wells should be met out of distress fund viz., one lakh of rupees, the amount is to be paid from the ~~nhi~~ above sum.
